

Prashant Dasar

+91-9380093629 — prashantdasar2004@gmail.com — Haveri, Karnataka — LinkedIn — GitHub

Professional Summary

Aspiring Full-Stack Developer with practical experience in designing, developing, and deploying end-to-end web applications using React.js, Node.js, Express.js, and MongoDB. Built production-ready applications with secure authentication, REST API integration, and AI-powered functionalities. Strong foundation in Data Structures & Algorithms, problem-solving, and modern software development practices.

Technical Skills

Languages	Python, JavaScript, SQL, HTML5, CSS3
Frontend	React.js, Bootstrap, Responsive Design, Vite
Backend	Node.js, Express.js, REST APIs
Databases	MongoDB Atlas, MySQL, SQLite
Tools	Git, GitHub, VS Code, Postman, GitLab CI/CD, Vercel, Render
Core Concepts	JWT Authentication, DSA, OOP, API Integration, Agile

Experience

AI Intern – Bharath Unnathi Fellowship 2025

- Gained practical exposure to Artificial Intelligence, Prompt Engineering, Generative AI workflows, and API Integration through hands-on internship training.
- Worked on AI-powered applications and strengthened software development, problem-solving, and collaborative development skills.

Projects

AI-Powered Code Assistant Live Demo — GitHub

- Architected and deployed a full-stack AI-powered application enabling developers to debug, explain, optimize, and generate test cases for source code.
- Built secure JWT authentication, protected routes, and persistent history tracking.
- Developed responsive frontend using React.js + Vite and backend APIs using Node.js, Express.js, and MongoDB Atlas.
- Integrated OpenRouter API and deployed services using Vercel and Render.

Jobby App – Job Search Platform (MERN)

- Developed a responsive job search platform with authentication, protected routes, and dynamic job browsing.
- Implemented search, filtering, and REST API integration for personalized job discovery.
- Optimized UI for mobile, tablet, and desktop devices using reusable React components.

Education

Government Engineering College, Haveri 2022 – 2026

Bachelor of Engineering in Computer Science & Engineering
Relevant Coursework: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

NxtWave CCBP 4.0 Intensive Program 2025 – Present

Full-Stack Web Development (MERN Stack)

Certifications & Achievements

- Completed certifications in HTML, CSS, JavaScript, React.js, SQL, and Databases through the NxtWave CCBP 4.0 Intensive Program.
- Built and deployed 10+ web applications using React.js, Node.js, Express.js, MongoDB, and REST APIs.
- Developed and deployed an AI-Powered Code Assistant integrating AI APIs, authentication, and cloud deployment.
- Strong foundation in Data Structures & Algorithms, Problem Solving, and Software Development Practices.

Additional Information

Developer Profiles: GitHub — LinkedIn

Technical Interests: Full-Stack Web Development, Artificial Intelligence, REST APIs, Scalable Web Applications

Soft Skills: Problem Solving, Team Collaboration, Adaptability, Continuous Learning

Languages: English, Kannada, Hindi
